

USF Libraries' Budget Realignment Strategy

Revisiting Library Services & Collections

USF Sarasota-Manatee Library Services

- USF Sarasota-Manatee pays a cost-share for electronic resources.
- However, the Tampa budget cuts have a direct “trickle down” effect on USF Sarasota-Manatee.

USF Libraries Budget Overview (Tampa Campus)

Budget Overview

Library services and collections sustain the entirety of the “Architecture of Academic Excellence.”

Discretionary funds to support program changes (content or level) and faculty/student demand are no longer available.

Significant personnel downsizing, multiple consultancies and **15 years of continuous process improvement** precede this reduction.

Library staffing is well below state peers and ARL target metrics.

Excessive focus on efficiencies have **reduced resiliency and increased risk.**

Breakdown of USF Libraries – Tampa campus Recurring Base Budget

Recurring Base Library Materials Budget, 2019/20

Subscription-based costs (97.2%) dominate the materials budget.

Annual Subscription Cost Increases*:

- Reduce services to faculty and students (use vacant rate to cover increases)
- Limit capacity to grow the collection in concert with College programs
- Constrain innovations needed to meet qualitative ARL expectations

*3.5 - 6 percent annually

Guiding Principles & Summary of Collection Impacts

Guiding Principles

- Support faculty resource needs by any means available.
- Maximize control of the USF Libraries collection budget.
- Refocus expenditures on ownership over leased access.
- Engage faculty in decision-making process whenever possible.
- End reliance on non-recurring fund sources.
- Focus on USF needs over statewide impacts.

Strategy Requires Modification of “Big Deals”

Since the 1990s

- Packages “bundle” a publisher’s title list into a single subscription
- Often multi-year agreements
- Controlled costs:
 - Capped annual increases range from 3.2 to 6 percent
- Increased research efficiency:
 - Reduced burdens on library and central services
 - Minimized options to manage journal collections/selections

Now: Sustainability Challenges

- Library budget flat for 12 years; increases funded by vacant rate and non-recurring cash
- Packages continue to grow without input from community
- Servicing the “Big Deals” fuel loss of non-journal content (e.g. books, data, media)
- Servicing the “Big Deals” reduce capacity to innovate with services

Strategic Realignment Targets & Timeline

	\$	%
Year 1	\$1,383,500	10.4
Year 2	\$650,000	4.9
Two-Year Total	\$2,033,500	15.3
